# The Collection of Paul F. Walter

Sep 21 - 28

## [Click here to register for the auction](#)

The collection of Paul Walter, assembled over decades, offers more than simply a constellation of diversity. Rather, it reveals multiple interwoven and often subtle narratives, ribbons of investigation bound together by curiosity, intuition and precision. Chronologies of texture, substance and of spirit exist as defined entities, each issuing concentric ripples that softly synthesise into one another. Each of the online chapters explores and unravels threads spun throughout the live auction – classical Indian drawings, Indian silver, textiles and works of art, fine art and decorative objects.
